Progress Towards Meeting District Goals

1998-99 Goals

Progress

Make preparations for installation of Smart Lab at Tammany Alternative High School.

Extensive study was done, resulting in a plan to build a new warehouse on the Central Services site, and to move the district printshop from Tammany to the new warehouse, making room for the SmartLab. Warehouse completed in April 1999; printshop moved in May 1999; SmartLab installed at Tammany in June 1999. Training for staff provided.

Proceed with Year 2 of the Early Childhood Literacy Initiative.

Funded with a 3-year grant from the J. A. Kathryn Albertson Foundation, the Literacy Initiative continued this year with teacher training, teacher observation through the use of teacher-leaders, running records assessment, and preschool literacy packets and other activities.

Create plan for police response to school violence.

Worked cooperatively with the Lewiston Police Department to create a School Violence Protocol to outline appropriate responses in cases of violent incidents at schools. Adopted by the Lewiston School Board and Lewiston City Council in January 1999, it is the only document of its kind in Idaho.

Pursue opportunity for selection by the J. A. & Kathryn Albertson Foundation to host one of the distance learning technology classrooms.

Lewiston's Camelot Elementary School was selected to create one of the prototype technology training classrooms, with funding provided by the J. A. & Kathryn Albertson Foundation.

Complete major mathematics curriculum revision, and implement district's Student Assessment Plan.

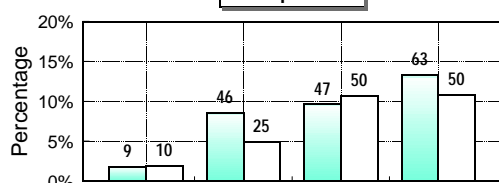

Mathematics curriculum revision adopted by Lewiston School Board, and Student Assessment Plan began implementation at all levels.
